

PROFESSIONAL DESCRIPTION

Bain-marie containers made with three completely independent devices, to produce, heat and distribute drinks, complete range:

- made of **18/10 stainless steel**;
- **bain-marie heating system**, which preserves the organoleptic characteristics unchanged over time;
- allows you to **heat, keep warm and distribute any drink** (particularly suitable for heating milk);
- possibility of operating the containers both **individually** and **simultaneously**;
- **thermostatic temperature regulation**
- can be used for **direct distribution of drinks**;
- can the bain-marie container? can also be used as **a hot water producer by removing the Product container**;
- **automatic operation**;
- water supply: **MANUAL LOADING of the 3 Containers**

**CE MARK
MADE IN ITALY**
