

PROFESSIONAL DESCRIPTION

Omnia is characterized by **clean, round and square lines** that can be used in a distinct or complementary way according to the needs of the table settings to be made.

Extremely distinctive thanks to the **particular width of the pitch** and the **depth of the plates and square bowls**, Omnia can be a source of inspiration for chefs who, through the personalization of their culinary proposals, wish to capture the gaze of their guests.

From breakfast to dinner, from small and refined restaurants to large city hotels with large buffets Omnia is perfect for **intensive use** thanks to its **reinforced edges** and the **stackability** of the elements.
