

PROFESSIONAL DESCRIPTION

Rotondo finds its distinctive features in the alternation of essential elements and floors with particular **rounded shapes**, an ideal stage that lends itself well to enhancing the masterpieces of contemporary chefs.

The perfect proportions of the plates and cups are also combined in the tea and coffee extension.

All Rotondo cups, coffee makers and teapots correlate the pieces with each other making them **stackable**.

The lids also modify their intended use, becoming, if necessary, points of support for presenting small delights.

Due to its robustness it is flexible and similar to any type of use and, thanks to the **minimalism of its shape**, it retains a timeless "Back to the roots" soul.
