Services and Technologies for professional catering since 1973

PROFESSIONAL DESCRIPTION

ISOTHERMAL TRAY for SINGLE MEAL TRANSPORT at DIFFERENTIATED TEMPERATURE, designed for DISPOSABLE TRAYS :

- **Equipped with four seats for housing disposable trays and a seat dedicated to housing meal accessories** (cutlery, drinks, bread, fruit, etc.).
- **It allows you to transport four courses at different temperatures** (hot and fresh), thanks to the reduced heat exchange between the tray seats;
- **Base and lid perfectly superimposable** guarantee a better thermal seal;
- **Practical to use**, also as a support for eating meals;
- **Easily stackable**, to optimize the storage surface;
- Robust, compact, easy to handle;
- **EURONORM external dimensions**, compatible with any standard transport trolley;
- **It ensures correct thermal maintenance**, limiting the risks of bacterial proliferation and preserving the quality of foods and their organoleptic properties;
- **High thermal insulation coefficient**, it can keep hot or cold food already portioned in optimal conditions for up to 30 minutes;
- Manufacturing material: **Polypropylene** internal and external walls of the base and lid; suitable for contact - **Polyurethane** insulating material between the walls of the base and the lid; free of food-grade CFCs and HCFCs;
- Monobloc structure, without edges, joints and welds;
- Convenient to prepare, both on the belt and on a fixed shelf;
- **The isothermal characteristics satisfy the criteria of current legislation** (EC Reg. 852/2004 -HACCP-) and of the applicable technical standards (Accord AFNOR AC D40-007);
- **Produced with blow molding technology**: monobloc base and lid (free of edges, joints and welds);
- **Easy washing and sanitizing even in an industrial dishwasher**.
- Completely recyclable at the end of its operational life;
- Make sure the food is portioned at the correct temperature (75/85 °C);
- **Available in 3 colors : Blue, Green, Orange**.

Accessories/Options :

- Interlocking card holder
- Tray trolleys with 12 and 24 places in stainless steel, for easy handling.

Delivery from 4 to 9 days

Dotato di:

- 3 sedi per alloggiare vaschette monouso 18x18x2,5/3,5h cm
- 1 sede per alloggiare una vaschetta monouso 13x9x3h cm
- 1 sede per alloggiare i complementi al pasto

Le sedi del vassoio sono isolate termicamente tra di loro, questo consente di trasportare 4 portate a temperatura differenziata, senza rischio di inquinamento termico.
