Services and Technologies for professional catering since 1973

#### PROFESSIONAL DESCRIPTION

**PERFORATED RECTANGULAR PIZZA PEEL in ALUMINUM, AZURRA line, light, flexible and resistant, complete range :**

- **Shovel with neutral anodized aluminum head and light blue anodized handle .**
- It has a **reduced weight compared to classic models** but is **extremely robust** with an **oval tubular handle to promote stability** .
- **The light and flexible head allows the spatula effect** with special ribs that ensure the seal.
- **Neutral anodizing makes the surface uniform** and protects it from oxidation.
- **The gentle and regular milling** facilitates the rising of the pizza.
- The handle-head junction is made up of the overlapping of the two elements ensured by **three large in-line rivets** which guarantee safety and immovability, furthermore the absence of vibrations transmitted to the handle gives greater comfort of use.
- **The perforated surface provides low friction and releases the flour**, preventing it from sticking to the bottom of the pizza and risking burning.

**CE MARK**  
**MADE IN ITALY**

#### AVAILABLE MODELS
