**PROFESSIONAL DESCRIPTION**

**PERFORATED ALUMINUM SHOVEL for PINSA ROMANA, AZZURRA line, light, flexible and resistant, complete range:**

- **Anodized aluminum shovel ideal for Roman pinsa or pizza by the shovel .**
- Gi.Metal's proposal for "Roman-style" or pizza peel pizza is to replace wood, commonly used for this type of pizza peel, in favor of a **light, solid, long-lasting and certainly more hygienic material such as anodized aluminium .**
- **Neutral anodizing makes the surface of the blade uniform, protecting it from oxidation, as well as guaranteeing incomparable lightness .**
- **The holes reduce friction , the amount of excess flour and the weight of the tool . The special arrangement of the holes makes the tool more stable ,** subject to less bending, ensuring the handling of heavier pizzas.
- **Dimension: 23x40 cm.**
- Characteristics: **Lightweight, Stable, Smooth, Long lasting, More hygienic than wood.**

**CE MARK**  
**MADE IN ITALY**
