Services and Technologies for professional catering since 1973

PROFESSIONAL DESCRIPTION

Wine fridge with 1 glass door, **operating temperature +4°/+18°C** , in version:

- **ventilated refrigeration** which allows you to choose the preferred set of uniform internal temperature: setting from +4° to +18°C;
- refrigeration system with static condensation is designed to **minimize the noise** of the refrigeration system;
- **LED lighting** , positioned along the perimeter of the door which together with the laminated interior highlights the bottles to the maximum;
- **clean interiors** without the presence of the evaporating plate thanks to the innovative refrigeration system;
- available in **different colors** : semi-gloss black laminated wood, satin aluminum gray and other colors as optional.
- **energy saving** : **up to -50% in consumption** compared to traditional wine cellars thanks to LED lighting, low-emissivity glass and 6 cm insulation.
- **VERSIONS** :
 - with **tubular steel shelves** for **inclined bottles** (T Version - Position 1).
 - with **wooden drawer shelves** for **horizontal bottles** (DR Version - Position 2).
 - with **smooth perforated stainless steel shelves** for **vertical bottles** (SH-R Version - Position 3).
 - with **tubular steel shelves + wooden drawer shelves** (Position 4)

CE mark
